 - If access is needed to different branch or headquarters account for your company, you will need to be granted access by your company’s administrator

2. Registration

A. Getting Started

- All vendors who currently (or in the future) sell products and/or services to the State of Rhode Island are *required* to self-register with Ocean State Procures™ (OSP). Registration is a multi-step process to establish contact and company information, areas served, commodity classifications and tax identification information.

B. Pending vs. Approved Registration

- **Pending registration** will grant immediate access to review solicitation opportunities and respond to bid postings.
 - If you submit a bid while under pending status, full registration will be required prior to an award being made. Failure to complete registration may result in revocation of award.
- **Approved registration** is complete upon using your login to access the WebProcure log in page and upload your IRS W-9 Form. This **must** be completed before a vendor can be awarded a contract or receive payment from the State of Rhode Island.

A. Notes Prior to Bidding

- Headquarters vs. Branch
 - If your company has multiple vendor registrations due to Headquarter and Branch(es) relationships, be mindful that bids must be submitted under the vendor profile which may potentially receive an award.
 - If access is needed to different branch or headquarters account for your company, you will need to be granted access by your company’s administrator
 - If you do not know your company’s administrator or that individual no longer has access, contact Proactis help desk webprocure.support@perfect.com or call 1-866-889-8533.
- Ensure the proper remittance address is listed in your vendor profile
- If a password reset is needed, contact Proactis help desk webprocure.support@perfect.com or call 1-866-889-8533.
- If your vendor registration in OSP is in a “**pending**” status and your organization is to be awarded a potential contract or purchase order; you must log into your OSP account and complete your registration to include your W-9 upload and other requirements as defined in the award’s Tentative Letter of Selection. Your registration will then be reviewed by the state’s Supplier Coordinator to transition your registration from “**pending**” to “**approved**” status if all qualifications are met. Further instruction for an “**approved**” account can be found above
- While logged in as a vendor, the solicitation hyperlink (solicitation number) is for review purposes only. To submit a bid, you **must** click “Add New Response”
