

Required Registration

All vendors who currently (or in the future) sell products and/or services to the State of Rhode Island are **required** to self-register with Ocean State Procures™ (OSP). The OSP Vendor Registration Portal for registering your business is <http://ridop.ri.gov/vendor-registration/>. The OSP Vendor Registration Portal provides your organization the ability to self-register and maintain your vendor account after establishing your username and password.

This is a two-phase process to establish your company to do business with the State of Rhode Island:

- **Soft registration - Steps 1-6** will establish your initial vendor account and allow vendors to view and submit responses to solicitations. Your account will be in a **“Pending”** status.
- **Full registration - Steps 7-10** will be required to receive an awarded Purchase Order(s), Contract(s) and/or payment(s). Your account will need to transition to an **“Approved”** status during this phase.

Regardless of account status, a vendor can self-manage their account’s information and users at any time.

Updating Account Information after your account is “Approved”

The State of RI encourages vendors to review their account regularly to keep their information and users current. If certain key company information is updated, it will trigger your “**Approved**” account status to switch back to “**Pending**”; which includes: **Company Name**, ‘**Doing Business As**’ (**DBA**) **name**, **FIEN/SSN**, **Enterprise Type**, **Medical or Legal Service Provider** and **Addresses** (Company, Main, Purchase Order or Remittance). An updated IRS W-9 may be required as part of the re-approval process. The RI Supplier Coordinator will coordinate with the vendor for review and re-approval.

Bidding for Vendors with both Headquarter and Branch Registration Accounts:

If responding to a solicitation, you must bid with the registration you want the potential award under. Award(s) may only be issued to the account the bid was submitted under. If needed, contact your account administrator on the preferred bidding account to review and/or modify the user(s) for bidding access.

Do NOT create a new “pending” registration.
